

Assembly Meeting Agenda

Tuesday, October 25, 2016, 7:00PM

Saffell Boardroom

Meeting called to order 7:03PM

- I. Attendance
- II. Guest Speaker
 - A. Tonian Morbitt, Bon Appetit Manager.....tonian.morbitt@woodbury.edu
 1. Manager of Woody's, since April 2016
 2. Been in food industry 15-16 years, specifically 10 years with Bon Appetit
 3. Enjoys working for educational facilities and being able to work with the students
 4. Opening the Floor up for Feedback
 - a) What is Bon Appetit about?
 - (1) Sustainability, 20% of produce from farms within 150 miles and smaller scale farms (under 5 million dollar) to give back to the community. Works on any initiatives to work with the community like Homeboys for pastries.
 - (2) One student believed to have saw blood in their eggs when the chef was preparing their omelette
 - (a) Sometimes that will happen even with grocery store bought eggs
 - (3) One of the preparers always has a not so happy attitude towards his job and doesn't seem to appreciate his job nor the students; what goes into hiring these cooks?
 - (a) Most preparers have been from Bon Appetit for years. Tonian only has hired one person since she came to Woodbury.
 - (4) In an instance the preparing Bon Appetit worker was preparing their food and touched multiple objects then continued to make her order without changing his gloves.
 - (a) Yes he should have changed his gloves; tell Tonian in the future.
 - (5) Why do we have the tickets if the preparer at the grill won't read the ticket, I don't have time to stay around to read my ticket?
 - (a) That specific preparer has a hard time at seeing, thus the reasoning that he asks for people to read his tickets. They are working on replacing him or having someone read off the tickets to him.
 - (b) One student had a bad experience with this specific preparer because he came off very strong to the student when the student didn't deserve that reaction.
 - (c) With the same preparer a time where the student asks for grilled cheese and the student asked for cheddar and cheddar wasn't

available the student proceeded to say provide whatever and the preparer still continued to say the student needed to pick a cheese repetitively.

- (d) Suggestion that to have the workers around him help read the tickets.
- (6) The attitude of the worker are very stressful or unhappy to be at Bon Appetit which we understand is a stressful with the job but students are on their break and do not want to deal with stressful and attitude.
 - (a) Tonian inherited a culture before her that the chiefs were against the students and now she's trying to help move them to its for the students and what ever the students want if they can do that please do that and the preparers did not agree.
 - (b) It takes about three years to have a full culture change
 - (c) She wanted to bring in cups and she has lost 300 cups this semester.
- (7) The platform for the tickets for the deli and grill needs to be improved because a lot of the time the preparers still don't get it right.
 - (a) Technology orders are too expensive and a big investment.
- (8) Is there a reason why there isn't more assortments of condiments for salads
 - (a) They are now in the vitamin water fridge to maintain temperature.
- (9) Can you bring back banana bread and sugar cookies?
 - (a) The person who made the banana bread was on maternity leave. She needs more time then hopefully it will come back.
- (10) I think the attitude of the cashiers is amazing but sometimes they goof off when there is a line and it can be frustrating especially when there is a line.
 - (a) Noted
- (11) Why does Woody's close at 6:30p on Fridays
 - (a) That was something that was inherited but according to the numbers it was a smart move.
 - (b) Tonian would like to get two student workers in the future to work late hours for students to be able to get the to-go, coffee, or snack foods in Woody's.
- (12) What happened to the ice cream? Also maybe have a space diagram to show where different items are.
 - (a) Working on having someone fix the ice cream freezer.
- (13) Why isn't there more gluten free options or why is there cross contamination with gluten and other items, for example they touch bread then lettuce.
 - (a) If someone has celiac disease, they should talk to Torian so she can help that person specifically.
- (14) Can there be more of an assortment of cookies?
 - (a) They do order an assortment but she'll consider increasing her cookie orders.
 - (b) Sugar cookies are Fridays
- (15) Thank you for getting scanners for student ID's
- (16) Having more options in the freezers because sometimes the students don't like what's being served at MTO, Grill, and Deli.
 - (a) Give suggestions on what to serve or get an item from each station and mix it up.

- (17) We should fill out the suggestion cards more often when we as the students have so many comments.
 - (a) Tonian takes the time to add a sticky note to the comment cards.
- (18) Food waste
 - (a) Chef and Hunger- any big excesses get donated and they get delivered to a local chefs.
